6 applicable Indiana state statutes. This includes documenting, justifying, and securing
7 Board approval for any necessary deviations from the established processes.

8 Unless formally extended by a vote of the Territory or District Board at a public meeting,

10 enforceable as of January 1, 2026. Any such extension must be approved by majority
11 vote and recorded in the official meeting minutes prior to that date.

12 If an extension is granted, it may delay the mandatory compliance date, but in no case
13 shall it extend beyond January 1, 2027, at which point all districts and territories shall be
14 fully subject to the merit system provisions described herein.

15 For purposes of this agreement, in any department where a union is not formally
16 recognized, references to the "Union" shall refer to the regular members of the
17 Department. In such cases, decisions typically made by the Union shall instead be made

19 ordered at any meeting of the Commission by unanimous vote of those

25 b. Parent or step-parent;
26 c. Child or step-child;
27 d. Brother, sister, step-brother or step-sister;

An adopted child of an individual is treated as a natural child of the individual. The terms "brother" and "sister" include a brother or sister by the half blood. If commissioners have a conflict of interest under this rule, they shall remove themselves physically from the room in which the matter is being discussed and/or voted upon, and similarly shall go off-line if participating in the meeting telephonically or digitally. Prior to removing themselves from the discussion and/or vote, the commissioner shall disclose the conflict of interest for the record. In the case of an undisclosed conflict of interest subsequently discovered regarding a matter, any commissioner or party to the matter can require by request that the matter be heard and/or voted upon again by the Commission in the absence of the commissioner with the conflict of interest.

Section 1.04 UPPER-LEVEL APPOINTMENTS-

1 A. The Merit Commission may appoint and remove Members except for a Member
2 in an upper-level policymaking position. The appointing authority shall appoint
3 and may remove a Member in an upper level policymaking position. For the
4 purposes of this subsection, the term “upper-level policymaking position” shall
5 mean the Fire Chief and the two (2) ranks below the Fire Chief. To the extent
6 this is in conflict with any other definition contained in this ordinance, this
7 definition shall be controlling. However, with respect to the two ranks below the
8 Fire Chief, Members holding those two ranks are subject to the rules governing
9 discipline described herein, with the exception of how disciplinary matters related
10 to Members holding these two ranks are processed. Allegations of misconduct
11 filed against Members holding a Deputy Chief and Assistant Chief position, will
12 be reviewed in a hearing by the merit commissioners. Any finding by each
13 commissioner shall result only in a written recommendation by each
14 commissioner separately to the Appointing authority. Each commissioner will
15 send their individual recommendation to the other commissioners and to the
16 Appointing authority for the Appointing authority’s consideration and
17 determination. Discipline based on those recommendations shall be at the
18 Appointing authority’s sole discretion. The Fire Chief will report the Appointing
19 authority’s determination and outcome to the Merit Commission in the next
20 regular open session.

21 For the Fire Chief, any allegation of misconduct shall be submitted to the merit
22 commission and reviewed in an executive session by the merit commission to
23 ensure confidentiality and fairness. The results and recommendations of the
24 executive session review shall be shared exclusively with the Appointing
25 Authority for their consideration and final determination. The Appointing
26 Authority shall have the sole discretion to determine appropriate action, if any,
27 based on the recommendations provided. Only in the case of termination of the
28 Fire Chief shall the results be made public by the Appointing Authority.

29 B. The removal of a Member from an upper-level policymaking position is removal
30 from rank only and not from the Department. When the Member is removed, the
Member shall be appointed by the Commission to the merit rank in the
Department that the Member held at the time of the Member’s upper-level
appointment. If such a rank is not open, the Member is entitled to the pay of that
rank and shall be promoted to that rank as soon as an opening is available. If a
Member is not a regular member of the Department or does not hold a
position covered by the 77s PERF, they may be subject to termination from
the Department upon removal from the upper-level position or ancillary
position. If a regular member voluntarily vacates a promoted level position,
they shall to return to their previously held regular merited position within
the department.

31 **C. Section 1.05 RULES GOVERNING THE HIRING PROCESS- Reference**

1. A citizen of the United States;
 2. A high school graduate or equivalent;
 3. At least eighteen (18) years of age on the day that the application process closes, but under forty (40) years of age on the date of employment, which is the date that a Member completes all of the conditions in the conditional offer of employment and is sworn in by the appropriate authority. However, the age requirements do not apply to a person who has been previously employed as a member of a qualified fire department or who has prior military experience consistent with state law. A qualified fire department is one which participates in the Indiana State Pension Relief System (Act of 1977); and
 4. Accepted by the Indiana State Pension System (INPRS Act of 1977 for Fire and Police).
- B. No one may appeal any part of the hiring process, unless otherwise described herein.
- C. To be reappointed to the Department, persons must meet all the requirements for appointment. If they meet those requirement they may be placed, upon approval of the appointing authority, on the hiring list.
- D. A person may not be appointed or reappointed if the person has a felony conviction of record.
- E. Applications for appointment or reappointment to the Department must be filed with the appropriate agency. The applicant must produce satisfactory proof of the date and place of the applicant's birth.
- F. Applicants for appointment to the Department must pass the general aptitude test required under state law. The general aptitude test shall: (1) reflect the essential functions of the job; (2) be conducted according to procedures adopted by the Commission; (3) be administered in a manner that reasonably accommodates the needs of disabled applicants; and (4) the written test will be provided, validated and scored by a testing agency. The results of the general aptitude test shall be filed with the Fire Administration. The minimum score of 70% shall be required to be placed on the eligibility list.
- G. Applicants for appointment or reappointment shall successfully complete within the allotted time of ten (10) minutes and twenty (20) seconds the Candidate Physical Ability Testing ("CPAT"), which assesses a candidate's physical ability to perform the essential job functions of a firefighter consistent with the job description of a Member. Applicants who fail to successfully complete the CPAT in under ten (10) minutes and twenty (20) seconds will be ineligible for hire.
- H. Applicants shall then be rated on the selection criteria and testing methods adopted by the Commission, which may include mental alertness, character, and habits. The Fire Administration shall place the names of applicants with passing scores on an eligibility list by the order of their scores on their general aptitude test and oral interview and shall submit the list to the Commission for approval.
- I. The following parameters shall be used to score and rank applicants:
1. A panel will be used to interview candidates to determine stress tolerance, ability to reason and solve problems, flexibility, ability to work as an effective team member, strength of interpersonal relations, service orientation, professional integrity, motivation and preparation for a public safety career, continuous learning and achievement striving, and strength of verbal communications.

2. The panel will score the applicants based upon their answers to specific questions.
3. A minimum score of seventy percent (70%) shall be required for placement on the eligibility list.

J. The Fire Chief will determine the number of applicants to be given a conditional offer of employment. An average of the general aptitude test score and the oral interview score will be used to rank the applicants. Applicants will be placed on the eligibility list in the order of their ranking. Only those candidates who have passed the general aptitude test, the oral interview, and the CPAT will be placed on the eligibility list. Pursuant to state law, five points (5%) will then be awarded to those applicants who have been honorably discharged from military service and children of professional municipal firefighters or police officers killed in the line of duty.

1. Those on the eligibility list will be subject to a background investigation prior to proceeding with the required examinations identified in applicable state law.
2. If an applicant reaches the applicant's fortieth birthday while still on the eligibility list, the applicant's name shall be removed from the eligibility list, unless otherwise eligible under state law.
3. The eligibility list remains effective for two (2) years from the date of certification unless the Commission terminates or extends the expiration date of the list upon petition by the Fire Chief.

K. When the Fire Chief deems it appropriate to fill vacancies in the Department, the Commission, upon request of the Fire Chief, shall direct the Fire Administration to administer the physical agility test required under state law to the appropriate number of applicants having the highest score on the eligibility list or to an applicant who completes a lateral transfer process established by the Fire Chief and approved by the Commission. If a selected applicant successfully completes the physical agility test, the applicant shall then be given a conditional offer of employment if:

1. The applicant passes the required examinations identified in state law; and
2. The applicant passes the background check.

L. All appointments are probationary for a period not to exceed one year, unless extended by the Commission on petition by the Fire Chief or as otherwise stated herein, from being sworn in. The Fire Chief has sole discretion to establish reasonable conditions and requirements for successful completion of the probationary period. If the Fire Chief determines that a probationary Member's conduct or capacity is not satisfactory or that a probationary Member has not satisfied any of the conditions and requirements of successful completion of the probationary period, the Fire Chief may notify the Commission in writing of that determination, and make a recommendation that the probationary period be extended or that the probationary Member be terminated from employment. The Fire Administration shall provide a copy of that notification and recommendation to the probationary Member. The notification must be served prior to the expiration of the probationary period. Service of such notice suspends the expiration of the probationary period for that probationary Member. The probationary Member, within ten (10) days of service of such notification, may request a hearing of the matter before the Commission, and that request shall be granted. The probationary period for the probationary Member shall be extended

1 until the Commission renders its decision regarding the Fire Chief's
2 recommendation. In all other cases, at the end of the probationary period, the
3 Member is considered regularly employed. In no case shall the probationary
4 period extend beyond two (2) years from the date of hire.

- 19 4. Simulated Situation.

20 ii. Descriptions of Assessment Center exercises:

21 iia. Oral Tactical Exercise

22 This exercise assesses a Member's ability to apply their
23 knowledge of firefighting techniques and tactics to a simulated
24 emergency situation. In general, the Member will be given visual
25 and descriptive information regarding an emergency
26 situation. The Member must demonstrate how they would behave
27 in this situation if they were in charge.

28 iib. Presentation:

29 In this exercise, a Member is given a topic relevant to a
30 firefighter's work. The Member must prepare and deliver a short
presentation on the assigned topic. These presentations are
delivered to the Assessment Center Board. This exercise is meant
to simulate job tasks which require that an officer teach, instruct or
lecture subordinates or make presentations to citizen groups,
department committees, and other audiences.

iic. Management Exercise:

In this exercise, a Member is given a series of memos and/or
letters. Each memo or letter contains an example of a common
situation that is typically faced by individual officers. The
Member must discuss their response to each memo or letter. The
Member may also be required to write their response in the form
of a memo, letter, or report. The Member's responses are scored
by the Assessment Center Board as to how well the Member is

able to identify and respond to critical issues. The score shall be based in part on grammar and organization.

iiid. **Problem Analysis:**

In this exercise, the Member is given a problem to evaluate, either in written format or presented as a video scenario. The Member will be required to identify and discuss the issues that the problem raises. This discussion will be presented orally or in writing to the Assessment Center Board.

iiie. **Simulated Situation:**

In this exercise, Members are asked to role play their response to a situation involving interpersonal challenges. For instance, the Member might be asked to meet someone who is role-playing a subordinate in trouble. The Member must demonstrate how they would behave in this situation if they were a supervisor.

4. **Oral Competitive Interviews**

- i. The Fire Chief shall interview each eligible applicant but no points will be attributed to the Fire Chief's interviews.
- ii. A structured panel interview may result in an award of a maximum of six percent (6%) of the promotional process.
- iii. For the Battalion Chief Assessment, the persons on the Assessment Center Board shall have held the merit rank of Battalion Chief or above.

5. **Past Performance**

- a. Past performance will count as sixteen percent (16%) of the promotional process. The past performance score sheet will be based on the following for the twenty-four (24) months prior to the Notice Date.

1. **Days Late – four percent (6%)**

<u>Days Late</u>	<u>Points Awarded</u>

1	6
2	4

- ii. Three (3) points deducted for every suspension in accordance with the disciplinary scale for five (5) years prior to the Notice Date.
- iii. Based on the Member performance for five (5) years prior to the Notice Date.

- G. The Commission shall certify that the eligibility list was created in accordance with this Ordinance. The eligibility list for a position consists of Members who have been placed on the list in order of their cumulative score on all rating factors. The eligibility list shall be maintained for two (2) years from the date of certification, after which time the list shall be retired and a new list established. The retired list shall be kept for five (5) years and then destroyed in a manner consistent with state law.
- H. If a regular member voluntarily vacates a promoted level position, they shall return to their previously held regular merited position within the department.
- I. Ancillary Positions - Ancillary positions are not merited positions and are not subject to the promotional process except as described in Section H. Ancillary positions are subject to the probationary and disciplinary procedures and disciplinary procedures described in this Ordinance unless otherwise stated. Ancillary positions include, but are not limited to, the following roles as designated by the Fire Department and approved by the Merit Commission.
1. Ancillary Positions – District Chief

 - c. Captain – Public Education
 - d. Captain – Instructor

- e. Captain – Quartermaster

- 3. Selection Process for Ancillary Positions
 - i. Vacancies are determined by the Fire Chief.
 - ii. Job descriptions are reviewed by the Commission and submitted to County Human Resources or appropriate authority for accuracy.
 - iii. Notice of any opening and procedures for selection will be posted to the field. The date of posting is the Notice Date and will include:
 - a. Deadline for submission
 - b. Command Staff acting as point of contact
 - c. Items to submit (resume, goal statements, certificates, etc.)
 - d. Components of process and scale
 - iv. All submissions are gathered and confirmed via email to the Member.
 - v. Once posting closes, a Past Performance Score Sheet will be completed based on the following factors. Items a. and b. are based on candidate performance for twenty-four (24) months prior to the Notice Date. Item c. is based on candidate performance for five (5) years prior to the Notice Date:
 - a. Days late
 - b. Discipline
 - vi. Interviews are arranged individually with Members with whom the position will collaborate or to whom the position will report. All interviews shall be audio and video recorded.
 - a. All candidate submissions (resume, goal statements, etc.) along with a past performance sheet are distributed to each interviewer.
 - b. Each interviewer will provide a separate score sheet.
 - vii. All interviewers meet to discuss individual results of the interview and make recommendations to the Fire Chief for a final decision by the Fire Chief.
 - viii. The Member chosen is contacted and offered the position. If accepted, arrangements are made for promotion with the Appropriate entity and notification is made to the Commission.
 - viii. A Member is probationary in that rank for a period of up to one (1) year. The Fire Chief will make a recommendation during that period to the Commission as to whether the promotion shall stand or be revoked by the Commission. If the Member's promotion is revoked by the Commission, they shall return to their last merited rank.

4. If a regular member voluntarily vacates a promoted level position, or it is necessary to eliminate an ancillary position for reasons as determined by the Fire Chief, Members holding those positions will be removed in order of reverse seniority. If an ancillary position is restored within twenty-four (24) months from the date of elimination, Members who held those positions shall be restored in order of seniority, provided the Member still qualifies for the position or becomes qualified within a reasonable period of time. If a Member is not a regular member of the Department or does not hold a position covered

1 by the 77s PERF, they may be subject to termination from the Department
2 upon removal from the upper-level position or ancillary position.

3 5. If the Fire Chief deems it necessary to reassign a Member from their
4 ancillary position temporarily, they will continue to receive pay at the
5 ancillary position pay rate. The Member will return to the ancillary position
6 on completion of the temporary assignment, provided they remain qualified
7 for the position or become qualified within a reasonable period of time.

8 6. At any Class or offense count in the disciplinary process, the Fire Chief
9 may petition the Commission for demotion of a Member holding an ancillary
10 position for violations of rules, regulations, policies, or procedures.

11 **Section 1.08 PROBATIONARY PROMOTION PROCEDURES**

- 12 A. When a vacancy in a merited rank occurs, the Fire Chief shall select from among
13 the two (2) Members with the highest scores remaining on the eligibility list for
14 that particular rank. If the Fire Chief selects a Member other than the one ranking
15 highest on the remaining eligibility list, the Fire Chief shall provide to the
16 Commission a written statement of the reasons that support the decision. The
17 Commission shall accept the Fire Chief's selection and promote that Member
18 unless the Commission rejects the Fire Chief's selection by a vote of at least four
19 (4) commissioners. In that event, the Member with the higher score shall be
20 promoted and the other Member remains on that eligibility list.
- 21 B. All promotions are probationary for a period not to exceed one (1) year unless
22 extended or the promotion is revoked. The Commission, upon request of the Fire
23 Chief, may extend the probationary period, revoke the promotion, or affirm the
24 promotion. At any time during the probationary period, the promotion may be
25 revoked by the Commission upon request of the Fire Chief. The probationary
26 period shall be completed in the division in which the Member is being promoted.
27 At the end of the probationary period, the Fire Chief shall review the Member's
28 performance and recommend to the Commission that the promotion be affirmed
29 or revoked. Following a hearing, the Commission may uphold, deny, or modify
30 the Fire Chief's recommendation.
- C. Actions regarding promotions by the Commission may be appealed within thirty
(30) days to the Circuit or Superior Court of Allen County, with the County being
named as the sole defendant, as provided by I.C. 36-8-3.5-16(d).

1 **Section 1.09 PERFORMANCE RATING PROCEDURES**

- 2 A. The Commission shall approve rules for determining a performance rating. The
3 rules must require that a performance rating for each Member, including
4 probationary Members, be made at least once every twelve (12) months provided
5 that the Fire Chief and the two (2) ranks below the Fire Chief shall not receive a
6 rating or be involved in the performance rating process other than as stated below.
7 The rating shall be made by one (1) or more of the Member's supervisors, as
8 defined in these Rules. The ratings shall be submitted to the Commission and
9 kept on file in the Fire Chief's office under the Fire Chief's supervision. The
10 supervisor shall submit the performance rating into the electronic system and to

1 the Member, at which time the appeal period starts. The Commission shall notify
2 each Member in writing of the rating that the Member received. Appropriate
3 County technology and resources shall provide reasonable support for the rating
4 system adopted by the Commission.

- 5 B. A Member who is aggrieved with the performance rating given to the Member by
6 the Member's supervisor may appeal to the Commission for a hearing to
7 challenge the rating. The appeal must be filed within ten (10) days after notice of
8 the rating has been sent to the Member. The Commission shall affirm, deny, or
9 otherwise modify the rating.

10 **Section 1.10 RULES GOVERNING DISCIPLINE**

11 A. The Fire Chief may initiate a disciplinary action if the Fire Chief believes that a
12 Member has violated any Rule as enumerated herein, by providing written notice of
13 the allegation of misconduct, including notice by email, to the Member. Likewise,
14 any commissioner may initiate an investigation, in the same manner as required
15 herein of the Fire Chief, if they believe that a Member has violated a rule, by
16 providing written notice of the allegation of misconduct to the Fire Chief, who shall
17 then follow the procedural steps set forth herein. In cases where a Merit
18 Commissioner alleges a violation, and once the Fire Chief completes the
19 investigation, the findings and all information shall be provided to the Merit
20 Commission for review and final determination, following the hearing processes set
21 forth herein.

22 If the Fire Chief determines, following an investigation, that the act alleged to be a
23 violation was a Class D, E, or F violation committed more than 2 (2) years prior to
24 the date that the Fire Chief (or the commissioner, if initiated by the Commission) had
25 notice of the alleged misconduct, the matter is concluded and shall be reported to the
26 Commission. There is no time limitation for an alleged Class A, B, or C violation.

27 1. Within twenty (20) days after the Fire Chief receives a written statement,
28 in any form, from anyone who asserts alleged misconduct by a Member, the Fire
29 Administration shall notify the Member in writing, with a copy to the Union, as to
30 whether an investigation of the allegation will be initiated or not. Likewise, if the
Fire Chief receives from any source, including an anonymous source, objective
evidence such as a video or audio recording, a photo or similar graphic depiction,
or a document from a public agency (such as the police, a prosecuting attorney's
office, or the Bureau of Motor Vehicles), information upon which the Fire Chief
reasonably might base an allegation of misconduct, the Fire Chief shall so notify
the Member, with a copy to the Union, within twenty (20) calendar days as to
whether an investigation will be initiated or not. However, when the Fire Chief
receives notice from a representative of an officially-recognized criminal justice
organization of alleged misconduct that could form the basis for a criminal charge
against the Member, the Fire Chief may defer the internal investigation, in the
interest of preserving the integrity of a possible criminal investigation, until such
time as is objectively reasonable, thus delaying the obligation to provide notice to
the Member under this provision.

2. The notice shall include a brief statement of the allegations, the identity of the person(s) who submitted the allegations, and a copy of the written statement from that person and the date(s) of the alleged violation(s). In the case of objective evidence described above, a copy of the objective evidence will be included with this notice. In the case of an allegation of sick time abuse (Rule 2-4.09), the Commission shall provide this notice.
3. When the Fire Administration notifies Members that they will be subjected to an interview under Garrity, the notice will be copied to the Union.
4. In all disciplinary actions except those involving late for duty and sick time abuse, the Fire Chief shall cause a Garrity interview of the Members subject to the disciplinary action to be conducted.
5. An interviewer conducting a Garrity interview may not compel Members or their union representative to disclose any conversation that occurred between the Member and the Union representative, provided that the union representative was acting in a representative capacity at the time of the conversation. In that case, a refusal to answer a question that would require disclosure of such a conversation will not be deemed disobedience of an order. If asked and a Member declines to answer, the line of inquiry regarding such communications must stop. If the Member wishes to disclose the substance of such communications, the interviewer may ask relevant follow-up questions. However, the Member or the Union representative shall answer such a question in any of the following circumstances: when necessary to prevent crimes likely to result in a clear, imminent risk of serious injury or death; when the conversation involves criminal actions against the Member or Union representative; or when there is a court order requiring disclosure. A question posed to a Member must otherwise specifically, directly, and narrowly be related to the allegations of the pending disciplinary matter. Nothing in this section relieves a union representative of the duty to report an infraction that they witnessed, and to testify during the investigation and/or at the hearing regarding the conduct that they witnessed. A Member subject to disciplinary action shall have access to all Garrity transcripts created during the investigation.
6. The Fire Chief shall have a reasonable amount of time to conduct an investigation. However, after 90 days, the Fire Chief shall provide an update to the Merit Commission regarding the status of the investigation. The Merit Commission may, at its discretion, grant an extension if necessary. If the investigation is not concluded within a total of six months, all relevant information shall be submitted to the Merit Commission, which shall have sole discretion over the conclusion of the investigation. In cases involving criminal allegations, additional time may be granted by the Merit Commission as necessary, pending the outcome of the criminal proceedings.

B. Except as otherwise provided in these Rules, at the conclusion of an investigation, as determined by the date of written notice to the Member and Union, of an alleged disciplinary violation, the Member or the Union on behalf of the Member may, within ten (10) days, submit a written proposal for settlement of the disciplinary action. The Fire Chief may accept or reject the proposal, or offer an alternative proposal. If the Member accepts a suspension, the Member waives their right to appeal and the Commission shall take no further action. If the

1 Member objects to the suspension, the Fire Chief may proceed with the
2 disciplinary process based on the class and occurrence of the alleged violation(s).
3 If the Member appeals the suspension, the suspension does not take effect until
4 the Commission determines to uphold the suspension. Notwithstanding the
5 foregoing, the Fire Chief, the Union and the Member can resolve a disciplinary
6 action at any time by agreement, which agreement must be reported to the
7 Commission.

- 8
- 9 C. The Fire Chief will notify the Commission, with a copy to the Union, of all
10 written reprimands (issued on the designated Departmental form), suspensions,
11 and other conclusions of investigations of alleged infractions to the Commission
12 within forty-eight (48) hours of conclusion. A failure to comply with this
13 provision which does not prejudice a Member subject to the disciplinary action
14 may be corrected without affecting the disciplinary action.
- 15 D. Prior to the conclusion of an investigation of an alleged disciplinary violation or
16 in the absence of such investigation, the Fire Chief may relieve a Member from
17 duty with pay (for non-punitive administrative reasons) or suspend a Member
18 with pay pending investigation of an alleged disciplinary violation, which action
19 shall not be appealable unless otherwise provided herein.
- 20 E. The Fire Chief may issue a written reprimand to a Member based on an allegation
21 of misconduct and an investigation. Except as provided in section 2-4.09, a
22 Member may not appeal a written reprimand based on a Class F violation (unless
23 the violation was a Class E violation or above that was decreased to Class F by
24 the Fire Chief). A Member may initiate an appeal to the Commission regarding
25 any disciplinary action that would result in a suspension without pay, demotion or
26 termination (an "Appealable Disciplinary Action"). Any prior infraction that was
27 a factor in progressive discipline may be addressed at the hearing on appeal.
- 28 F. To appeal an Appealable Disciplinary Action, Members or their Union
29 representative or attorney must file with the administrative secretary to the
30 Commission within ten (10) days of receipt of notice of the Appealable
Disciplinary Action a written notice of their intent to appeal the Appealable
Disciplinary Action. Notice transmitted by email satisfies the written notice
requirement. The notice shall include a statement of the basis for the appeal.
- G. Upon receiving notice of appeal from a Member, the Fire Chief shall cause notice
of the appeal to be transmitted to the Commission's secretary and/or attorney.
- H. The Commission shall consult with the Fire Chief and the Member or their
representative to determine the date(s) on which the hearing of the appeal will be
held. The Commission shall use its best efforts to reasonably accommodate the
schedules of both parties and their representatives. Unless the parties otherwise
agree, the hearing will be held no sooner than twenty-one (21) days from the date
of the notice of appeal.
- I. Both parties are entitled to be represented by counsel or, in the case of the
Member, a Union representative. Both parties are entitled to produce evidence at
the hearing. Both parties are entitled to require the Commission to cause
subpoenas to be issued, served, and executed pursuant to Ind. Code 36-8-3.5-
17(e).
- J. Unless otherwise agreed, the parties shall exchange exhibits and a list of
witnesses at least five (5) days prior to the hearing. The exhibits and list of
witnesses shall be made available to the Commissioners at that time. In the

1 absence of an agreement by the parties, the commissioners may determine an
2 appropriate sanction for failure to timely disclose exhibits and witnesses.

- 3 K. If a witness fails to comply with a subpoena issued pursuant to these rules, the
4 Commission shall continue the hearing upon the request of the party that
5 requested the subpoena. The Commission also may file an affidavit in the Circuit
6 Court of Allen County stating the facts of the failure as provided in I.C. 36-8-3.5-
7 17(f). Expenses related to the filing of an affidavit and the issuance and service
8 of a summons shall be charged to the witness against whom the subpoena has
9 been issued, unless the Circuit Court finds that the action of the witness was taken
10 in good faith and with reasonable cause. In that case, the expenses shall be
11 charged to the Commission.
- 12 L. A decision to discipline a Member may be made only if the preponderance of the
13 evidence presented at the hearing supports the decision.
- 14 M. The hearing pursuant to this section shall be conducted in executive session. The
15 Commission shall order separation of witnesses other than the Fire Chief, the
16 Member, and their representatives, upon request of either party.
- 17 N. The Commission shall record the hearing (either by its secretary or a third-party
18 qualified to record such hearings). The Commission shall provide a copy of the
19 recording and a copy of the transcript of the record (if created) upon request to
20 the Member or their representative at no cost to the Member.
- 21 O. The Commission may affirm, modify, or dismiss the disciplinary action. The
22 Commission's authority to charge a Member with a disciplinary violation or to
23 modify a disciplinary action shall be unlimited.
- 24 P. Judicial Review Process. A Member may appeal a decision of the Commission to
25 suspend the Member for a period greater than ninety-six (96) hours or more for a
26 twenty-four (24) hour Member or sixty-four (64) hours or more for a forty (40)
27 hour Member or to dismiss the Member as provided in I.C. 36-8-3.5-18 (or any
28 successor statute), subject to the time limitations and procedural requirements set
29 forth in said statute.
- 30 Q. Written reprimands for the same offense shall cease to have effect in progressive
discipline two (2) years from the date of issue but shall be kept as part of a
Member's permanent record.
- R. Suspensions for the same offense shall have effect in progressive discipline four
(4) years from the date of issue but shall be kept as part of a Member's permanent
record. However, if appealed, when determining the level of discipline and
penalty, the Commission may consider a Member's complete personnel record
when addressing disciplinary matters.
- S. Suspensions shall be at the Member's current rate of pay. Use of overtime,
vacation, or holiday time in lieu of suspension shall not be allowed.
- T. Members may be charged with any or all disciplinary rule violation(s) that may
apply to a single specific action or inaction but may be penalized for only one of
the applicable rule violations. However, Members who commit multiple
violations based on two or more separate actions or inactions within a single,
continuous incident may be penalized once (including where more than one type
of rule violation may apply to a specific action or inaction, as stated above) for
each separate action or inaction, resulting in a separate, single penalty for each
action or inaction. Multiple instances of the same behavior during a single,
continuous incident will not be the basis for escalation on the penalty schedule.

- 1 U. The Fire Chief may increase or decrease the discipline given to a Member (by one
 2 infraction occurrence on the penalty schedule or by one class of infraction),
 3 depending on the circumstances of the alleged offense. The circumstances that
 4 led to the increase or the decrease in discipline shall be stated in writing and
 5 conveyed to the Member. Alternatively, the Fire Chief may petition the
 6 Commission to determine an appropriate penalty following a hearing.
- 7 V. Members are entitled to a copy of any of their files held by the County subject to
 8 exceptions under applicable law, which will be provided within a reasonable time
 9 upon request. A denial of such request shall be grieved pursuant to the terms of
 10 the collective bargaining agreement.
- 11 W. If a Member is suspended, they shall be entitled to allowances for benefits as
 12 defined in the Collective Bargaining Agreement. In the absence of a Collective
 13 Bargaining Agreement, the Member shall retain all benefits to which they were
 14 entitled prior to the suspension, except for vacation accrual and pension payments
 15 made by the County on behalf of the Member.
- 16 To determine vacation suspension, the following calculation will be used: divide the
 17 number of suspended hours/days by 365, then multiply that number by the
 18 number of earned days for which the Member is eligible. For example, 20
 19 days/365 = .054 x 13 earned days = 0.702 days. Earned days less than .50 will
 20 be rounded down to the nearest whole day while earned days equal to or greater than
 21 .50 will be rounded up to the nearest whole day.
- 22 X. In order to provide a similar financial impact for suspended time off between
 23 eight (8) hour and twenty-four (24) hour personnel, the following Disciplinary
 24 Step Conversion Table will be used:

STEP	24-HOUR	40-HOUR
.5	12	8
1	24	16
1.5	36	24
2	48	36
2.5	60	40

3. Any violation committed by Members related to the performance of their duties that results in bodily injury to a person other than the Member shall be treated as a Class C offense, subject to the Fire Chief's authority to increase or decrease the discipline. Any such violation that results in serious injury or death to a person other than the Member shall be treated as a Class A offense, subject to the Fire Chief's authority to decrease the discipline.

Territory Board Members,

We have had the opportunity to accept resumes and applications through the City of New Haven's portal using Indeed.com. This opportunity afforded us by the City of New Haven brought a couple of applicants. Chief Joshua Hale and EMS DC Chief Doug Call conducted the interview process.

I am requesting approval to hire 2 candidates, Kobe Myer & Nolen Steury who have successfully completed the Perf Physical. Pension paperwork hand delivered to State. If possible, I would like to hire the 2 candidates once we receive approval from the State Pension Board. 2026 Probationary bi-weekly pay rate for FF/EMT is \$2343.71.

Sincerely,

Josh Hale-Chief of Fire & EMS
